

MAINE QUILTS DEMOCRACY COLD

Turns Down Gov. Plaisted and
Chooses Haines, Republican,
For Governor

PROGRESSIVES JOINED THE REPUBLICANS IN FIGHT

Asher Hinds Goes to Congress;
Democrats Still Hopeful For
November Victory

PORTLAND, Me., Sept. 10.—Practically complete returns insure the election to the governorship of W. T. Haines, Republican, over Frederick Plaisted, the Democratic incumbent. The Republican victory was gained through an alliance of regulars and Progressives who will now split for national elections.

The Democratic leaders issued a statement claiming an easy November victory for Governor Wilson. Estimates of the vote at noon with a few scattering precincts missing, give Plaisted, 67,440, and Haines, 71,300. Asher Hinds, regular Republican, was elected over Michael O'Brien, Democrat, for congress in the First district where the fight raged the hottest.

The Bull Moose party claims the credit for the Republican victory and predict an overwhelming Roosevelt majority in November. The Taftites are equally as confident, pointing to Hinds' well known "regularity" as evidence that the people are backing the regular candidates.

**TAFT UP TILL ONE O'CLOCK TO
WATCH RESULTS—IS PLEASED**
BEVERLY, N. Y., Sept. 10.—President Taft watched the national political barometer as indicated by the Maine election results, until 1 o'clock this morning, then retired. He expressed satisfaction over the result. He believes it indicates a Republican victory.

**MIDNIGHT INDICATIONS
FOR REPUBLICAN SUCCESS**
PORTLAND, Me., Sept. 10.—Indications shortly after midnight were that William T. Haines of Waterville, Republican, had been elected governor over Governor Frederick W. Plaisted, Democrat, by about 3000 or slightly more. Indications also were that the legislature will be Republican by a small majority, and that D. J. McGillicuddy is the only Democrat who will be returned to congress from the state.

Asher C. Hinds, Republican, and Forest Goodwin, endorsed by the Progressives, seem to have been elected, as does Frank E. Guernsey, Republican.

State Issues Intricate
On the face of the returns the Taft Republicans last night were claiming that the election demonstrated their candidate is gaining strength, but, as a matter of fact, state issues were so intricate and the Progressives were so little represented that the election cannot be used as a criterion of strength for any party.

**MOTORCYCLIST MAY
HAVE GONE BLIND
CAUSING DISASTER**
NEWARK, N. J., Sept. 10.—An investigation of the motorcycle accident at the Vauxhall motordrome last Saturday has been begun by Capt. Vogel of the Newark police. He said the deaths were purely accidental and he could see no evidence for the basis of a criminal complaint. William H. McKenzie, the Essex county physician, said there would be no inquest. The accident will be brought before the September grand jury, which comes in today, according to Andrew Van Blarcom, assistant prosecuting attorney of Essex county.

Dr. Pascal, who hurried to the aid of Eddie Hasna, advanced the theory today that the rider was suddenly stricken blind before his machine dashed into the crowd. He said he had treated Hasna for eye trouble, caused, he thought, by pressure of the blood on the brain during his high speed demonstration.

"It don't take more'n a gill uv effort to get folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and on-

'Only the Poor Man Hangs' Says Warden Hoyle

SAN QUENTIN, Sept. 10.—With nine men scheduled to soon hang for murder at San Quentin and Poisons prisons at intervals of a week, Warden Hoyle at San Quentin today issued a statement to the United Press, condemning capital punishment and stating that only the poor man goes to the gallows.

Warden Hoyle declared that the death penalty is a law of injustice, and that one murder does not atone for another. He intimated his willingness to aid in a campaign to abolish the death penalty in California.

**Hydro-Aeroplane
Station in Washington, D. C.**
WASHINGTON, Sept. 10.—The war department, it was announced yesterday, soon will establish a hydro-aeroplane station within the limits of the city of Washington. The machines have been purchased.

**Arkansas Defeats
State-Wide Prohibition**
LITTLE ROCK, Ark., Sept. 10.—Indications on the face of meager returns from widely scattered districts over Arkansas are that the state-wide prohibition provision has been defeated by from 30,000 to 50,000 votes. A large negro vote has been polled, and this will be almost solid against prohibition.

**2 Killed & 6 Injured
In Pennsylvania R. R. Crash**
LATROBE, Pa., Sept. 10.—In a collision today on the Pennsylvania road of passenger and freight trains, two trainmen were killed and six others seriously injured.

**REBEL SHOTS
OVER BORDER**
ALPINE, Sept. 10.—Driven from their homes by shots from the rapid-fire guns of the Mexican rebels who are furiously attacking the federal garrison at Ojinaga, the entire population of Presidio, Texas, opposite Ojinaga on the international border, fled to the hills when the battle commenced today. One American was wounded seriously. General Orozco is personally leading the attack at Ojinaga. General Sanchez is defending the garrison which consists of 500 men. The attackers number 300 men.

Reports received here state that a score of houses in Presidio are bullet-riddled. American army officers are en route there to investigate and make a formal report to Washington.

NOGALES, Ariz., Sept. 10.—Following an attempt of the Southern Pacific to run a train south from Nogales after the rebel commanders had ordered that the train should not run, the rebels destroyed the Southern Pacific train, carrying a hundred passengers. A repair train sent to repair the tracks was captured by the rebels and burned.

Refugees today reported a Yaqui attack on Empalme, Sunday, during which eight federal troops and one Yaqui were killed.

**U. S. CAVALRY HALT REBELS
AT INTERNATIONAL BORDER**
DOUGLAS, Ariz., Sept. 10.—An alleged attempt of Mexican rebels to cross the international boundary early today was frustrated by U. S. cavalry. Word was brought here by couriers that the rebels were descending on a ranch ten miles east. When the troops arrived on the scene, the Mexicans were drawn up opposite the international line. The troops did not cross the line, but a warning was issued and guards were posted along the border.

**NAVAL VETERANS
ELECT OFFICERS**
LOS ANGELES, Sept. 10.—The National Association of Naval Veterans elected Blanchard McCaddon first lieutenant commander; Chas. F. Dyce of Philadelphia, commander and W. H. Comstock of Denver, chief of staff.

The patriotic instructors' division of the G. A. R. met this morning with the Army Nurses corps. The ladies of the G. A. R. council of administration met at noon. This afternoon the Women's Relief Corps was in session, and state reunions are being held. Tonight there will be campfires and reunions at various hotels, with committee and general business sessions. This afternoon hundreds of veterans inspected the Soldiers' Home.

RECALL IS NOT TO BE TOO EASY

Freeholders Fix Signatures
Needed at 20 Per Cent of
Registered Vote

SAME PROVISION FOR LIQUOR ELECTIONS

Board Will Take Week Off to
Study Charter as so Far
Framed

If the conditions agreed on by the board of freeholders at its meeting last night shall prevail in the new charter, it will require a petition of twenty per cent of the registered voters in the city to call a special election for a vote on the liquor question. It will require the same percentage to start an initiative petition.

The board devoted some time last night to the discussion of sections which had previously been reported by the committees. At a meeting last week the board tentatively adopted the provision that the liquor license question should be voted on only at a special election, but fixed no definite method of calling such election. The Berkeley charter, which is being used as a foundation by the board, has a provision that any question may be put on the ballot by petition of five per cent of the electors. The board thought this would not do on the liquor question, as it would permit of constant agitation.

The committee on initiative, referendum and recall reported last night. These provisions are to be incorporated in the charter, but no vote was taken on them last night. It was decided that in order to make a recall petition effective it shall have at least 25 per cent of the voters qualified at the last general election. This is considered an improvement on the Berkeley charter, which fixes the percentage on the last vote for election. In case of an uncontested election this would make the number of voters necessary to start a recall movement dangerously small.

The freeholders did not show themselves strong for municipal ownership. The committee having in charge the section on franchises reported last night, the sections framed being largely devoted to routine procedure. However, the Berkeley charter has a provision to the effect that when the term for which a franchise is granted shall expire the property shall revert to the city. The freeholders decided to leave this proposition out.

All the committees have now reported except one, that on elections. The board has arranged to have all the changes from the Berkeley charter which have been proposed or adopted typewritten on slips, so that they may be attached in the proper places to the draft of the original charter, of which each member has a copy. The board took adjournment until next Monday evening, and in the meantime the members will study all the changes as so far reported or agreed upon. After agreeing upon a tentative draft of the entire charter the board purposes to refer it to the local Bar Association for criticism and suggestion.

TEXAS WOMAN IS SIEZED BY REBELS

Husband Leads 25 Americans
in Mad Chase—Mexicans
Cross Border New Mexico

EL PASO, Texas, Sept. 10.—Twenty-five angry Americans are madly racing to head off a party of Mexican bandits who today carried away Mrs. John Muir, wife of a Texas rancher. Her husband is leading the party. All are armed with Winchesters. The men were closing rapidly in on the fleeing Mexicans, according to the latest reports. A serious struggle is expected.

Reports this afternoon say that the rebels have crossed the border in New Mexico and are moving toward Lordsburg, looting ranches on the way. The ranchers are arming to re-

HIS OWN PISTOL FATAL TO MEXICAN

Deonicio Pulido Killed While
Trying to Murder Eutimio
Espinosa

TRAGEDY RESULT OF DRUNKEN QUARREL

Occurred in House on Edge of
Huntington Beach—Victim
Held Responsible

Deonicio pulido, a Mexican about 26 years of age, was shot by his own revolver, held in his own hand, during a scuffle resulting from a drunken row in a house in the outskirts of Huntington Beach about 1 o'clock yesterday afternoon. Pulido died almost instantly.

According to the story told at the inquest held by coroner winnigan, this morning, Pulido, Eutimio Espinosa, Vicente Torres, Bernabe Berada and Joaquin Duarte had been drinking together at a beer camp. On the stand this morning Espinosa testified that previously he and Pulido had had some trouble, but that afterward Pulido professed friendship. Yesterday noon, he said, the party went to Duarte's house to get some dinner, and there he was attacked by Pulido, who first struck him and then bit him on the face and neck. He tried to avoid further trouble by going upstairs.

At this time, he said, Pulido left the house and returned ten or fifteen minutes later with a revolver. He came running up the stairs where Espinosa, Duarte and Vicente Torres were, and announced he was going to kill Espinosa. The latter said that he crouched on the floor and begged Pulido not to shoot, and at this juncture Torres jumped forward and grasped the weapon, attempting to take it away from Pulido. In the struggle the weapon was discharged, the ball entering Pulido's left jaw and ranging straight upward, passing through the skull and lodging just under the scalp. After the shooting, Espinosa said, he and Torres left the house and went to the beer camp, where Torres stated that he was going to Mexico.

Pulido's brother, Everisto, went to Duarte's house and asked why Deonicio had not come to dinner, and found his brother's lifeless body, still warm. He notified Marshal Vincent of Huntington Beach, who informed the sheriff's office. Sheriff Ruddock and Officers Heard, Law and Boynton, went to the scene in an automobile and took into custody Espinosa, Duarte, Berada and Everisto Pulido. Torres could not be found, and no trace of him has been secured since.

Other witnesses at the inquest corroborated the testimony of Espinosa. Marshal Vincent testified that from his investigation of the case he was satisfied that Pulido met his death in a substantially sane manner related by Espinosa. It was brought out that from the position and nature of the wound it would have been almost impossible for it to have been made in any other manner. The jury brought in a verdict to the effect that Pulido came to his death accidentally from a pistol in his own hand, while attempting to do injury to another man. The jury which sat on the case consisted of C. C. Overman, Philip Letz, O. K. Forgy, R. D. Drake, H. H. Allen, W. A. Shanks and E. E. Cooley.

Espinosa is being held in the county jail, and a charge of disturbing the peace will be placed against him. The other Mexicans were allowed to go following the inquest.

MAJ. GEN. WOOD IS TO VISIT ANGEL CITY IN OCTOBER

LOS ANGELES, Sept. 10.—Messages have been received confirming the reports that Major General Leonard Wood, chief of staff of the United States Army, will visit Los Angeles in October, probably for the purpose of inspecting San Pedro harbor fortifications and Point Firmin.

**JOHNS HOPKINS TO
TEST DARWIN'S MISS-
ING LINK THEORY**
BALTIMORE, Md., Sept. 10.—Dr. John B. Watson, director of the psychological laboratory at Johns Hopkins University, has adopted a unique method of testing the Darwinian theory.

Seven weeks ago a bright little monkey was born at the institution. The parents of the simian, which are very intelligent, had been carefully trained by the scientists, and the offspring of such parents is believed to afford opportunity of determining how nearly like a human being he can be raised.

When ready for schooling every effort will be put forth to develop his mind along lines that will fairly tax his mental capacities.

ROOSEVELT TO REACH LOS ANGELES MONDAY

Will Arrive There at 2.45 in Afternoon
Of Sept. 16—Seattle Gives Colonel
Greatest Ovation of Trip

SAN FRANCISCO, Sept. 10.—Theodore Roosevelt will arrive in Los Angeles next Monday afternoon at 2:45 o'clock and enjoy a stay of several hours in the city he loves so well. The plan for an early morning meeting at Fresno Monday has been abandoned and the colonel will journey to the Southland by the coast route.

How to dispose of the brief two days, one a Sabbath, allotted to California for the Roosevelt tour, has been a difficult problem. The Fresno meeting would have meant that he would not arrive in Los Angeles until 7:35, barely in time to reach the meeting he is to address, and then he was to proceed on the early night train for Arizona.

It is largely due to the patriotic women of Los Angeles that the city is to have the distinguished visitor as a guest during the afternoon. It was the great chorus that had been organized that influenced the Fresno people to an important degree to forego a Roosevelt visit. They did not wish to mar the plans of the Los Angeles women for such a splendid tribute and reception. Roosevelt's arrival at a late hour would have had that result.

Meyer Lissner, in communication with Chester H. Rowell of Fresno last night, says there is hardly any possibility now that the schedule via the coast route can be changed. Leaving San Francisco at 10 o'clock Sunday night Roosevelt will be able to make platform speeches in the morning at Santa Barbara, Ventura and other places.

**SEATTLE GIVES COL. ROOSEVELT
GREATEST OVATION OF TRIP**
SEATTLE, Sept. 10.—Col. Roosevelt arrived here this morning to deliver two scheduled speeches. His voice was extremely hoarse but he appeared in excellent health and spirits. A physician is working constantly to keep his voice in speaking trim. Roosevelt addressed the delegates to the state Progressive convention, laying stress on woman suffrage. He starts to Tacoma this afternoon.

Facing an audience at Seattle that accorded him the greatest ovation of his present trip, Col. Roosevelt declared his "taking over" of the Panama canal zone. Before his speech he was taken in an automobile on a par-

ade of the streets. He was greeted everywhere by parades of popular songs praising the Progressive candidates.

Told Story of Panama Canal
"I loathe a bully and braggart," Roosevelt declared during his speech. "I loathe a nation taking the same characteristics but I am glad now that we took the canal and that we are fortifying it." He then explained the incidents leading to the taking of the canal zone and replied to criticism made against him in that connection. He said:

"If I had followed the regular course I would have made an able report which would have been referred to congress, and there debated for several years. The canal would be fifty years in the future. Things would have gone just as far as they have for four centuries."

Colonel Roosevelt denied that he acted like a dictator. He said: "I tried to give Colombia a good proposition but arrived at the conclusion that some one was trying to hold up Uncle Sam, so I took the canal zone. I never violated the constitution."

**BATTLESHIP TOUR WAS SERVICE
TO INTERESTS OF PEACE**
"If I were asked," Roosevelt said, "to name the greatest service I have rendered in the interest of peace, I am not sure I would name the thing for which I received the nobel prize—the only American ever receiving it—the settlement of the Japanese-Russian war. I believe I would name the sending of the U. S. battleship fleet around the world."

**REPUBLICANS AS WELL AS
DEMOCRATS TO TRAIL T. R.**
NEW YORK, Sept. 10.—Republican national headquarters today announced a decision to carry the fight direct to Colonel Roosevelt and to challenge all his utterances. J. Adam Bede and John M. Harlan will trail the colonel to the Pacific coast, speaking in the same cities as Roosevelt. Henry C. Lodge will open the Ohio campaign on September 21. All the cabinet officers will take the stump for President Taft.

Secretary Nagel, who went to Washington today to confer with Hill, will start immediately on an eastern tour.

**G. A. R. VETERANS FLOCK TO
FAIR CITY OF ANGELS THAT
GIVES THEM THE GLAD HAND**

LOS ANGELES, Sept. 10.—Automobile tours, reception and luncheons today occupied the attention of the forty thousand visitors to the Grand Army of the Republic national encampment. Hundreds took the regular trains to the citrus belt cities under the chaperonage of Los Angeles veterans and excursion conductors and lecturers.

The beach resorts were the object of many special train loads. Drum corps paraded the streets throughout the morning.

**20,000 VETERANS IN CITY—
MEET IS ONE OF BEST EVER**
LOS ANGELES, Sept. 10.—The present annual encampment of the G. A. R. is one of the biggest gatherings that Los Angeles has ever entertained.

The twenty thousand mark was passed last evening at the registration bureau, and still the veterans and women of affiliated organizations were coming in legions to enroll their names.

This encampment is admitted to be by far the greatest in point of numbers ever held in the West. As it is nearly half a century since the close of the Civil War the showing is a striking one.

The last special train arrived yesterday, and the roll is virtually complete, so far as out-of-California veterans are to be considered.

Great interest attaches to the coming election of officers. For those offices over which there will be contest these are the men who are conceded to be in the lead:

For Commander-in-Chief—Alfred B. Beers, Bridgeport, Conn.
For Chaplain-in-Chief—Dr. George E. Lovejoy, Boston.
Junior vice commander—Americus Whedon of Kentucky.
Captain H. Z. Osborne of Los Angeles will be elected senior vice commander, the second office in rank, without contest.

The veterans and ladies of the affiliated societies of the G. A. R. are being royally entertained. Picnics, receptions, automobile rides and excursions succeed each other in rapid succession. Joyful reunions mark the encampment, relatives and close friends meeting on every hand.

Today the veterans will visit the Soldier's Home and Venice and nothing has been overlooked in the way of preparing a great time at each place.

SHANGHAI, China, Sept. 10.—Seventy-five thousand natives were drowned during a typhoon in the Chekiang province today, according to reliable reports received here.

The cities of Wenchow, Chuchow and Tien Tsing were badly damaged, Koneo was obliterated, and at least a thousand people were swept out to sea. Ten thousand people perished in Tien Tsing alone.

ITALIAN WARSHIPS BOMBARDED PORT

Shelling of Kush-Adassi Said
to be Disastrous—Peace
Pact Seems Doubtful

CONSTANTINOPLE, Turkey, Sept. 10.—Italian warships have bombarded Kush-Adassi, a Turkish port forty miles from Smyrna, according to dispatches received here. No casualties were mentioned in the reports, but the messages state that the bombardment was disastrous.

Turkish officials refuse to confirm the report that peace terms have been accepted and that hostilities will cease immediately. The reported bombardment is believed to disprove the reports to that effect.

Text of Rumored Agreement
LONDON, Sept. 10.—That a peace agreement has been reached between Italy and Turkey is reported here from Rome. The agreement was reached approximately on the following basis:

"First—The Turkish government will undertake to recognize Italian occupation of the coasts of Tripoli and Cyrenaea and will withdraw the Ottoman forces. Turkey, without formally recognizing Italy's sovereignty in Tripoli, will not oppose Italian expansion into the interior.

"Second—Italy legally will recognize the caliph's religious jurisdiction in the Libyan provinces and all the privileges and guarantees pertaining thereto.

"Third—Italy will grant Turkey an unredemable loan of \$120,000,000."

TAKING OF TESTIMONY IN OIL LAND SUIT BEGINS

LOS ANGELES, Sept. 10.—Taking testimony in the government's famous suit against the Southern Pacific to recover 6100 acres of oil land in the Bakersfield district valued at \$12,000,000 was resumed today before Federal Commissioner Leo Longley. W. W. Owen was the first witness. Letters between Owen and Julius Kruttschnitt, vice president of the Southern Pacific, were introduced.

The lands involved in the present suit are generally known as the Elk Hill territory.

This is the first of a series of suits by the government which it is expected will be filed. The government alleges the railroad company patented land as agricultural land when it knew it to be mineral bearing.

COMPTROLLER NYE STRICKEN WITH PARALYSIS ON TRIP

SACRAMENTO, Sept. 10.—State Comptroller A. B. Nye was stricken with paralysis while on an official visit to Folsom state prison yesterday, the stroke affecting his speech and depriving him of the use of his right side. How serious is his condition it is as yet impossible to say.

Mr. Nye yesterday had commenced a trip about the state to visit state institutions to determine their needs before the legislature convenes.

PRICE OF LEMONS ADVANCES IN EAST

Citrus Fruit Brings Forty Cents
a Dozen in Chi-
cago

CHICAGO, Sept. 10.—To be called a "lemon" may soon cease to be a term of reproach. On the contrary, it may signify exclusiveness and exalted station. The reason for the change in terms is the sudden rise of prices in the lemon market, which is causing consumers, growers and dealers to wonder how much higher they will go. Yesterday lemons reached 40 cents a dozen for the user.

The manager of one loop restaurant demurred when it was suggested that the sudden jump might lead to smaller cuts of lemon for people who take it in their ice tea.

"Not a bit of it," he replied. "The public doesn't suffer. It's the restaurant man; he bears the loss when prices go up. And everybody is drinking iced tea now, on account of the hot weather."

Drug stores serve lemonade at 5 to 10 cents a glass, but proprietors declared that the rise in prices would not affect them.

WILL SELECT ROUTE IN ALASKA FOR U. S. R. LINE

SEATTLE, Sept. 10.—The newly appointed Alaska Railroad Commission, composed of Major Jay J. Morrow, United States engineer corps, chairman; Dr. Alfred H. Brooks, Leonard N. Cox, U. S. N., and C. M. Ingersoll, civil engineer, sailed for the North yesterday on the revenue cutter McCulloch. The commission will go to Seward and other ports in northwest Alaska to inspect harbor facilities and select the ocean terminal of the proposed government line.

The commission has no power to act but will report its findings to Congress.

Progressives to Show Up Baby Act of Taft Leaders

On his way to Reno to meet Col. Roosevelt, Meyer Lissner, chairman of the Republican state committee, attended the meeting in San Francisco at which the Progressives decided to nominate Roosevelt and Johnson electors by petition as well as in convention.

Thus the Progressives are going to show up the baby act of the Taft leaders in crying that they cannot get their electors on the ballot since the people have named Roosevelt legislative nominees for the state convention. The reactionary leaders are whining that they have been robbed and that they cannot get a chance to vote for Taft. In this way they hope to drive all the conscientious conservatives to vote for Wilson, which is exactly what the old machine long ago determined to do, seeing how hopeless was the case for Taft.

Tafters Show Bad Faith

If the conscientious conservative does not get a chance to vote for Taft it will be because the Taft managers do not take the simple means at hand to put his electors on the ticket. The Progressives are going to do that just to show them how easy it can be done. But that is not the main purpose. The petition for electors was determined on by the Roosevelt-Johnson forces long before the primary election.

"There is nothing new in this intention to put Roosevelt-Johnson electors on the ballot by petition," said Lissner in an interview with the Bulletin. "It is only what was determined on some time ago at Sacramento at a conference in the Governor's office called by Governor Johnson. It was attended by twenty-five or thirty Progressives and we are now simply following out the determination reached at that time."

Electors by Petition

"The main purpose of naming electors by petition is to establish the Progressive party in the state so that at future elections it may have official existence, which can be gained by the vote cast at this election."

"Another reason, and an important one, arises from the question and uncertainty of the election laws. Owing to the uncertainty of the law, we felt that we must use every legal means and make assurance doubly sure that there will be Roosevelt-Johnson electors on the ballot. The Taft forces have announced that they will contest the Roosevelt electors on the regular Republican ticket. While we have no fear that the courts would overturn the action of the legislative convention, we felt that we must make assurance doubly sure. If we relied alone on the legislative convention and the courts should happen to go against us, we would be helpless. This situation arises from the uncertainty of the laws which were drawn not at all in contemplation of such a contingency."

"We propose to demonstrate that it is not alone impossible, but a comparatively simple thing, to put the electors up by petition. It will require but 11,000 signatures of voters who did not vote at the primary. All told about 200,000 voters went to the polls. There are nearly one million registered voters. And any party or faction of a party that cannot get 11,000 signatures out of this total of three-quarters of a million who did not participate in the primary has no excuse for existence."

Old Guard Beaten

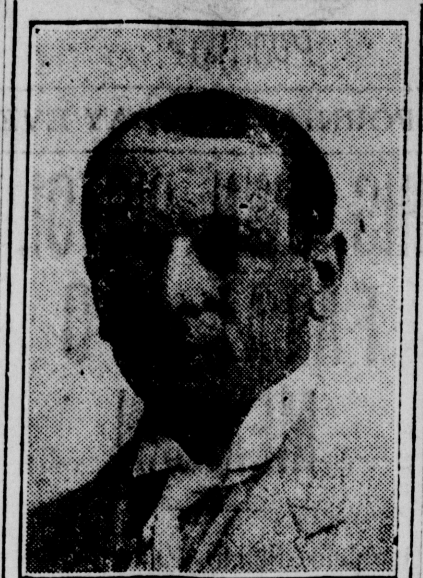

"The fact of the matter is that the standpaters realize that they are badly beaten and are playing the baby act, claiming that they cannot get a chance to vote for Taft, and therefore they will vote for Wilson. That is exactly what the standpaters intended to do all along, just the same as they did in the Johnson-Bell campaign when 50,000 of them voted for Bell. They are trying to make the conscientious conservative believe that they have been robbed of a chance to vote according to their wishes, though they have the ready means at hand. If the Taft managers do not put electors on the ballot by petition it is an evidence of bad faith toward the conscientious conservatives."

"They can go on the ballot with the name Taft and Sherman after each elector's name, so that the people can readily find the ones they want to vote for if they want to support Taft and Sherman. That will make it a fair test of strength."

Taft Leaders Quit

"But, as I have said, the standpaters do not want any such test. They have intended to vote for Wilson all along, which shows how much good faith there is in their Republicanism. I had an interview recently with Phil Stanton, the Taft manager of Southern California. I asked him how the campaign was going and he said: 'Oh, it's going all right. Wilson will carry California.' I asked him how that was and he said: 'Well, we can't vote for Taft so we will have to vote for Wilson and Free Trade.'"

"And this is the Phil Stanton who opened up every meeting in the Taft campaign in the South with the declaration that the issue in this campaign is the tariff, whether California

MEYER LISSNER

nia's products shall be protected or shall be endangered by free trade by Wilson's election. It shows how much he cares for the tariff when he announces that he will vote for Wilson and free trade when he can vote for Taft and Sherman by putting their electors on the ballot by petition."

AN ESTIMATE OF WALTER JOHNSON

NEW YORK, Sept. 10.—"Although there have been many arguments as to who is the best pitcher in baseball, in my opinion Walter Johnson of the Washington club is the king of pitchers, past or present." So said Hal Chase. "Of course," he added, "I did not see any of the great pitchers of the past, but I can't imagine how any pitcher could have any more, or even as much speed, as Johnson. At the pace the 'big' Swede is going it would not surprise me if he knocked all the pitching records to smithereens. He has the club backing him up now. They are making runs for him, and that is when he will show. I have hit against Johnson and most of the great pitchers, and there isn't any who comes close to him for speed. How they do rush by the plate. It's an old saying in baseball, 'When you can't see 'em you can't hit 'em.' That is the case with batters who face Johnson."

"They can talk about Richard De Marquis, Mally, Wood, Walsh and Gregg, who are all great pitchers, but they are not in Johnson's class. His success as a pitcher is due to his great speed. The ball is out of his batter before he knows it. If we could use bats that are bigger there would be some chance to hit a fast ball. That ball has a wonderful hop on it. It rushes up to the home depot inviting you to take a nice healthy swing at it. Then it hops, and you look around at the catcher and laugh. It's just as easy for him to pitch a ball game as it is to sit in the rocker and smoke a pipe. It's a wide statement to make, but I consider Johnson the best pitcher of all time, although he has not the records as yet which some of the other hurlers have. But, as I have said before, I look for him to equal this year in spite of the fact that he is going to have some rough going."

"What has made Johnson better than ever is the fact that he has mastered a curve ball, and a slow one. It's hard to call the turn on him, and if you do when he is using the fast ball it makes no difference. Baseball fans throughout the United States have been watching Johnson for a long time, but they passed him up when he did not have a good club to work with him. Now there is a good line in Washington, and he is going to hang up a great record."

"There is a great deal in the dope that Johnson has something on a club before he starts. What is more, he can be worked against any ball club

PLOW CAUGHT ON A ROOT

Wilbur Wasser Sustains Two Broken Ribs While Working on His Ranch

Wilbur Wasser was the victim of a peculiar and very painful accident yesterday at his ranch on the river, about four miles north of the city. Mr. Wasser was engaged in plowing a head ditch, preparing to irrigate, using an ordinary beam plow. He had the lines about his neck. It is supposed that he was plowing a little too deeply, and the plow caught on a root, the shock throwing him headlong over the plow.

The last Mr. Wasser remembers is throwing his head to one side, and this probably saved him from more serious injury, as his shoulder struck the beam of the plow, causing a severe bruise. He was rendered unconscious by the shock, but his little son, who happened to be with him, secured aid from neighbors, and they put him in his wagon and the boy drove him home. Dr. Clark was summoned and found that besides the very painful bruise on his shoulder Mr. Wasser had suffered two broken ribs. Today he is reported to be doing nicely, but will be confined to his home for some time.

LOVETT PROMISES NEW DEPOT IN 1915

Plans Already Started, He Says, and Work on Arcade Site Will go Forward

Los Angeles Examiner: According to advices from San Francisco yesterday, Los Angeles will have a new depot on the Arcade depot site in readiness for exposition year, 1915. It will be built jointly by the Southern Pacific and Salt Lake railroads. Robert S. Lovett, executive chairman of the Harriman system of railroads, made the positive announcement before leaving California for the East following a three days' conference with the heads of the various roads.

"Los Angeles needs and will have a new depot in time to handle the exposition rush in 1915," declared Judge Lovett to one of his conferees. He further said:
"I regard the Los Angeles depot proposition one of the most important of the many suggested California improvements. The plans already have been commenced, and in a short time the people of Los Angeles will have all doubt set at rest, for the work of constructing the new depot will proceed without delay as soon as the plans are perfected. The building will be an acquisition to the wonderful progress that is being made in the erection of buildings in the metropolis of the Southland. I believe that the traffic and population justify the improvement without further delay."

F. W. Blanchard, chairman of the special new depot committee of the Chamber of Commerce, who has been in close touch with the developments regarding the proposition, said last night:

"I understand that the plans for the new depot will be unfolded to the public in the near future."

CROSS OR FEVERISH HALF-SICK CHILDREN

Mean Their Bowels Are Waste-Clogged; Liver Sluggish and Stomach Sour

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste. Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, gentle, old reliable. Refuse anything else offered.

—Received—50 pairs of tires, fresh stock, from \$2.50 up—every tire guaranteed. See Hill & Walker, 221 West Fourth.

FRANCE WINS BENNETT CUP

Jules Vedrines Flew 124.8 Miles in 1 hr. 10 min. 58 sec. To Win Classic Trophy

CHICAGO, Sept. 10.—Racing under a blazing sun at a rate of more than 105 miles an hour, Jules Vedrines, world's champion aviator yesterday won the James Gordon Bennett international trophy at Clearing, Illinois, and will carry back to France the emblem significant of the aviation classic of the age. His time for 200 kilometers—124.8 miles—was one hour, ten minutes and 58.5 seconds.

Maurice Prevost, another member of the French team, finished in one hour, 13 minutes, 10.82 seconds. No other contestants completed the course. Andre Frey, the third member of the French team, came to earth on his twenty-third lap, but he was already hopelessly beaten by Prevost, who flew low and steadily and made a beautiful race. Frey said his engine was missing fire and he was compelled to come down.

For the United States of America, Max Lilly, flying as the entrant of the Chicago Examiner, saved this country the ignominy of not even having a flyer on the field.

At the last moment, when all of the other American entrants had decided not to compete, because of the terrible speed made by Vedrines, Lilly, accompanied by photographer Fred Wagner, mounted in the air.

A moment later as he headed for the course, flying high above Prevost and Frey, the crowd was electrified by the news that Uncle Sam was at least entering the race.

Round and round the course went the plucky aviator and time after time Wagner aimed his camera at the monoplane speeding under them, snapped his shutter and carried away the only photographs ever taken in the air of other racing aeroplanes.

Demonstrating the fact that he can quickly come to high speed, Vedrines completed the first lap of a little more than four miles in 2:24.57 and at once the hopes of the Americans began to flicker. Except the American defender, which was withdrawn two days ago, they knew that no American machine could possibly equal such speed.

VETERAN TELLS OF LOVING AND LOSING

Former Santa Anan Relates Romantic Experience of the Civil War

The Los Angeles Herald is offering a series of prizes to veterans of the Civil War who can tell the best stories of actual experiences in the great contest. Ira W. Davis, a member of Sedgewick Post of this city, and formerly a resident of Santa Ana, but now of Los Angeles, has contributed the following interesting experience:

After the battle of Murfreesboro, Tenn., our brigade being short on rations, two friends of mine from the Fourth Michigan cavalry and the writer, a member of the Fourth United States regular cavalry, saddled our horses and made our way into the enemy's country to satisfy the inner man.

My friends elected me major of our little party and appointed themselves as my body guard. About noon we reached the stables of a beautiful mansion set in a grove of trees and flowers. A darky took our horses and after he had cared for them we sent him into the house to order dinner for us. We were seated in an arbor of green when a beautiful lady appeared and asked if we wished dinner.

"Yes," I replied, "we have a long ride ahead of us before we reach our camp."
While the cook prepared dinner I struck up a conversation with the lady and enjoyed the flowers and scenery. I told her I was a great lover of music, birds and flowers and a devoted worshiper at the shrine of beauty. I realized that this was a case of love at first sight and hoped for a happy ending. During our stay among the flowers she told me she had been a widow nine months.

When dinner was announced we sat down to a sumptuous meal. After it was over I let my friends go ahead and saddle the horses while I remained behind and talked to the fair lady whom I then knew I loved.

I excused myself and tried to borrow \$5 from the boys to pay for the meal, but they were broke, like I was, so the best I could do was to throw her a kiss from my saddle as I rode away. I never saw her again, but she is as clear in my memory today as she was nearly half a century ago.

ANAHEIM HIGH SCHOOL HAS STRONG FACULTY

Anaheim Plain Dealer: Anaheim Union High School announcement of opening was given out this week by Principal J. F. Walker. The date will be September 16. Teachers for the school year will be the following:

Claude R. Prince, vice principal; Ottillio Stechert, German and Latin; Bella J. Walker, English; Mrs. Emma M. Bartlett, music and drawing; R. L. Turner, manual training; Walter A. Hall, mathematics and athletics; L. Lucile Turner, domestic science and art; H. P. C. Lent, commercial; Rose Osberg, assistant commercial and girls' physical culture; Veda R. Walker, English and oral expression; Chris A. Worsley, science.

The last six members of the faculty are new to Anaheim work. Mr. Hall is a graduate of U. S. C. and a post graduate of the engineering department of the same school. During the last year he was assistant teacher of geometry and teacher of surveying with the U. S. C. He is an all round athlete and an Orange County product whose home has been at Huntington Beach, where his parents reside.

PASADENA DOCTOR TO WALK 300 MILES TO REDUCE FLESH

PASADENA, Sept. 10.—To lose ten pounds excess avoirdupois and trim his waistline to the dimensions it held for many years, Dr. E. S. Rosenberger, a well known resident of this city, will walk three hundred miles in a final effort to lose weight. He has tried dumbbells, exercisers, dieting and all other methods in vogue to reduce his scale record. Dr. Rosenberger leaves here Tuesday morning in an auto for Calexico, in company with Judge J. B. Hoffman, who is justice of the peace in the Imperial Valley city.

Shortly after arrival in Calexico Dr. Rosenberger will start his weary hike to Pasadena, a distance of three hundred miles or more. The physician does not attempt to set a time for arrival here, although he intends to resume his practice this winter.

For a decade Dr. Rosenberger has weighed 165 pounds, but in the past two months has tipped the beam at 175.

THE SOLDIER'S SWAN SONG

It was pathos, prophecy, and requiem combined when General McArthur passed to his never-ending reward in Milwaukee a few days ago. The soul which would not be touched by the fellowship shown as the battle-scarred veterans were singing sacred hymns with bowed heads while the spirit of a fellow soldier was winging its flight to scenes invisible would be long to the unclassifiable.

No human invention could approach the auspicious ending of the man of battles. His address was a fitting valedictory to his career. In the future poems will be based upon the events of his death. The comrades who were present will keep green the General's memory all the more because of the manner of his going. Both pathos and patriotism are the gainers by such a noble departure.

The prophetic elements of the occasion were both local and national. The regiment was not to meet again. The weight of years was exacting its meed. This brings a touch of sadness to all who have ever come into contact with the "saviors of their and our nation." For many successive days now we have read the ominous words: "The soldiers of the regiment met for the last time." The heroic preservers of our country are surely passing away. Like the scenes of spring and summer, vigor and health are being swallowed up by the grave.

Leaf by leaf the roses fall.
Drop by drop the springs run dry.
One by one without recall,
Summer's beauties fade and die.

A few years at the most will witness the singing of the last requiem and the playing of the last funeral dirge, and the beating of the last taps. What then? This reminds one of the custom of one of Santa Ana's old soldiers who lately "passed on." Mr. Seton had a habit of interesting every boy of his acquaintance with the great events of our history. He was always inculcating "love of country." On occasions when the G. A. R.'s met in open sessions and at reunions he would collect all the boys he could, escort them to the front seats so that they might imbibe the ardor, enthusiasm, and patriotism of those who, having fought and preserved our nation, were narrating why they went to war, why they dared deeds when death faced them, why they marched to victory. Those boys got the thrill. It will ever stir within them. The country is the better for such a man. He will live in others' lives "for though dead he yet speaketh."

THE TARIFF

And the tariff is still with us. Two parties we still have, one for and the other against the protective tariff.

In California, the tariff party locally still acts under the familiar Republican name and organization, because in California the Republican party became the Progressive party two years ago, and the voters at the party primaries have just decreed that it remain so. In other states where the Republican party was already Progressive,

HERE IS A MODEL SHORT
BALLOT PLANK FOR STATE,
COUNTY, CITY PLATFORMS

IN order to secure for each individual citizen the most favorable opportunity for exercising the rights of suffrage with intelligence and discrimination, we pledge ourselves to such constitutional and statutory changes as will put into operation the principle of the Short Ballot, in the state government, and in the counties and cities. By this we mean a reduction of the number of elective officers until the ballot carries no more offices than a typical voter can reasonably be expected to investigate and remember. All purely administrative, technical and clerical positions should be filled by appointment at the hands of a responsible official or board in such a manner as to secure a compact, unified administration.

ENDORSEMENTS

"In the first place, I believe in the Short Ballot. You cannot get good service from the public servant if you cannot see him, and there is no more effective way of hiding him than by mixing him up with a multitude of others so that they are none of them important enough to catch the eye of the average work-a-day citizen."

—Theodore Roosevelt.

"I have the fullest sympathy with every reform in governmental and election machinery which shall facilitate the expression of the popular will, such as the Short Ballot and the reduction in elective offices."

—William H. Taft.

"I believe the Short Ballot is the key to the whole problem of the restoration of popular government in this country."

—Woodrow Wilson.

WHY NOT PERMIT EACH COUNTY
TO MAKE ITS OWN TAX LAWS?

FROM THE SAN FRANCISCO BULLETIN.

Between arguments as to the merits of political parties and their nominees for public office give an occasional thought to the home rule taxation amendment which is to be submitted to you for your approval at the November election. The object sought by this proposed change in the state law is to give every county the power to levy taxes or county government purposes in any way it sees fit. To quote the words of H. A. Jenson, an able advocate of home rule taxation: "This amendment is an enabling act by which any city or county may change the present unsatisfactory system of taxation and inaugurate a better system. There is no interference with the state system of revenue, nor with the present system locally except as the localities shall determine."

And in the states where this had not occurred, the alignment is still a two-party one, for in those states nothing of the Republican party but its name plate remains with the discredited old organizations. Most of its membership and all of its vitality, as well as all of its principles that are worth while, have simply changed names, taken a new spurt and a new inspiration, and have sloughed off the old rubbish. In these states the line up is Democratic and Progressive, with the alleged Republican party, consisting of the name-plate and its few custodians, a negligible factor. So whether under the Republican name, where that name means Progressive, or under the Progressive name, where that name means everything that ever gave value to the Republican name, the people of one group are aligned on one side, while those of the other group are aligned as Democrats.

So, the tariff remains still, not, to be sure, the only issue, but a very definite and important one. On the one side is still the Democratic party, declaring against any protection at all, denouncing a protective tariff as unconstitutional, and promising a tariff which shall consider, in the arrangement of its schedules, no purpose except that of revenue. For, (if you note the "only") that is the exact and sole meaning of "a tariff for revenue ONLY" (not that "only," for there was never a Democratic advocate in California who did not try to slip around it.) On the other side, under either local name (or even separate names, it is the "Washington party"

in Pennsylvania) is the Progressive party, which stands squarely for a protective tariff, so regulated as to give necessary protection to producers without oppressing consumers.

Between these two California must choose. There are plenty of other reasons for choosing the Progressive side, and all these reasons are conclusive against choosing the stand-pat or Taft Republican side, even if there were the slightest possibility of giving it any strength anyway. But, on the old issue, there is still the old alignment. We all want a protective tariff. The only parties that favor it are the Taft and Roosevelt parties, and the only one of these that has any chance of delivering it is the Roosevelt party (to which, in California, the Republican electors will be pledged). And the party that seeks to abolish it is still, as ever, the Democratic party.

Therefore let no person who believes in protection and regards that question as important, be inveigled into voting the anti-protection Democratic ticket either for president or for congress.—Fresno Republican.

Many Driven From Home

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Use of Chloroform.

Chloroform was first used on September 30, 1846, by Dr. W. T. G. Morton, a dentist of Boston, in a case of tooth extraction, and thereafter by him in many difficult operations. The news of the discovery reached England in December, 1846, and British dentists immediately began to use it. Sir James Simpson, a Scotch physician (1811-1870) was the first to use it in hospital practice, and this he did in 1847. His discovery was considered independent of that by the Boston dentist, and in 1866 he was knighted. He had a public funeral when he died and a statue of him in bronze stands in Edinburgh.—Indianapolis News.

Honey Fudge.

One and one-half cups of white sugar, one cup of brown sugar, one-half cup of milk, one ten-cent bottle of honey, tablespoon of vinegar, small piece of butter. Boil sugar and milk until it forms a soft ball in water, add the honey and boil until it forms a soft ball in water, add vinegar and butter, beat until creamy.

OLSSON WILL YET BECOME
UNITED STATES CITIZEN

WASHINGTON, Sept. 10.—Acting Attorney General Harr yesterday instructed the United States attorney at Seattle, Washington, to agree to a reversal by the Circuit Court of Appeals of former Judge Hanford's decision canceling the citizenship of Leonard Olsson, a Socialist, which resulted in impeachment proceedings against Hanford and his resignation. The United States attorney will file a stipulation which practically will be a confession of error. This is expected to cause the Circuit Court to restore Olsson's citizenship.

Green Peas, Spanish Style

To one pint of tender green peas add one onion chopped fine, one green pepper, two large tomatoes and one tablespoon of butter. Put butter in saucepan with chopped onion and pepper. Cook until onion is tender, but not brown. Add chopped tomatoes; when at boiling point add peas; season with salt. Cook until tender.

Humane Convention Will Ask
Repeal of Law Giving Fines
to Humane Societies

SANTA BARBARA, Sept. 10.—W. Leon Dawson, speaking before the State Humane Society convention today, denounced Colonel Roosevelt's African hunt and his subsequent writings, claiming them to be deleterious to the morals of the country.

The convention passed a resolution asking the legislature to rescind the law giving humane societies the fines assessed following arrests by members. This is proposed to eliminate graft. It is planned that the money collected for fines will be turned over to the city where the fines are collected.

The State Humane Association is holding a three days' session in the Unity church in this city, the entertainments and social features being held at Arlington Hotel.

BOSTON MERMAID PLANS
LONG SWIM IN ENGLAND

LONDON, Sept. 10.—Rose Pitonoff, the Boston mermaid, has obtained permission from the authorities of the port of London to swim from Black-wall Pier to Gravesend Shell.

She was to start at 1:30 this afternoon. The distance is about twenty miles and the swim has never been made by a woman, though Monty Holben and one other man have done it. Miss Pitonoff proposes to abandon the channel swim on account of continued stormy weather.

How to Whiten Your Teeth
Cleaning the teeth with powdered pumice stone has been found satisfactory.

This powder should not be used more than once every three months, as it will destroy the enamel of the teeth if applied too often.

If you cannot reach the spots near the gums with a brush go over them with some of the powdered pumice and a soft cloth.

Six Reasons Why You
Should Do Business
With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home.

Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—

FAREWELL DINNER PARTY

Albert Hill's Classmates Guests at Affair Before His Near Departure for Boston

Mrs. G. P. Hill last evening gave a delightful dinner party in honor of her son Albert's birthday and also as a farewell before his departure on Thursday for Boston where he is to take a two-years course of study in the Massachusetts Institute of Technology. Mr. Hill has already taken two years technical course in Throop Polytechnic Institute.

The guests at the dinner last evening were mostly from the Baraca class of the First Baptist church of which Mr. Hill is a member. Covers were laid for fourteen and the four course dinner was served at 6:30 o'clock. The evening following was spent in games and in having a good time generally.

Mr. Hill will reach Columbus, Ohio, next Sunday and will take a car from there to Granville, Ohio, where he will spend a day with his sister Viola, who has entered a Missionary training school there. After his visit with Miss Viola, Mr. Hill with his friend and classmate, Claire Ricker of Pasadena who is also to attend the Massachusetts Institute of Technology and who will travel with Mr. Hill, will proceed on their journey. They will stop at Niagara Falls and other points of interest.

Torosa Rebekah Tea
On Friday afternoon, Sept. 13, at 2 o'clock, at the home of Mrs. Charles Ward, 1102 West Fourth street, the Torosa Rebekahs will give the first of the teas planned by this lodge to replenish the treasury in a pleasant way. A small sum is to be charged at these teas, and the afternoon of Friday will be spent in needlework. All the ladies are asked to take their thimbles, needles thread and needlework.

Dinner for Winners
Recently Mrs. Will Lindsay gave a very pleasant dinner in honor of the winning committee taking part in the contest lately carried on in the United Presbyterian church. The Lindsay home was beautifully embellished with Maman Cochet roses.

The appetizing three course dinner was served at 7 o'clock and covers were laid for seven, including Misses Dorothy Dean, Gailene Finley, Elsie Clark, Anna McRadden, Paul Anderson, Carson and Stewart Smith.

Tustin W. C. T. U.
The Tustin W. C. T. U. will meet Thursday afternoon at 2:30 at the home of Mrs. W. L. Shatto. The subject will be "Medical Temperance," and will be in charge of Mrs. Miller, superintendent of that department.

A good attendance is desired for an open air meeting and enjoy the good program.

Tomorrow, Miss Lalla Fagge, our violin teacher who comes down each Wednesday from Los Angeles, will be at the Conservatory and will be glad to meet any old or new pupils who may desire to begin work.

ONE WOMAN'S PRACTICAL WAY OF FIGHTING TUBERCULOSIS

A practical philanthropy is that of the Grand Duchess of Hesse, who has hit on a novel plan for waging war against tuberculosis, the terrible white scourge of the world. The Duchess has had all the manufacturers in the Grand Duchy place printed instructions on the boxes of matches, showing what to do to prevent tubercular contagion. The price of the matches, with this additional instruction, remains the same as before, the Duchess having paid for the printing of the labels.

If every woman would do what she can, even in a small way, towards this brave war on the white plague, the fight would be won sooner or later.

Missionary Society to Meet

The Missionary Society of the First Christian church will hold its regular meeting tomorrow afternoon at 2:30 in the Sunday school room of the church. Reception for Mrs. F. M. Seeley. All ladies of the church are invited to attend.

LITTLE BIRD TOLD SECRET

Young Santa Ana Couple Told Away to San Bernardino and Were Wedded There

Hoping to keep it secret, but betrayed by the traditional "little bird" that hovers over the pencil pusher's shoulder and whispers sweet secrets, a young couple of Santa Ana hied them to San Bernardino last Saturday with Dan Cupid as a guide, and were wedded there by Rev. Eli McClish of the Methodist church of that place.

The bride and groom in this romantic proceeding were Miss Laura Wilson, daughter of Mr. and Mrs. J. R. Wilson of Santa Ana, and George W. Doss, employed in the Santa Ana sugar factory. The bride is very well known, especially in the First Methodist church where she has long been an attendant.

Mr. and Mrs. Doss hoped to keep their marriage a secret for a fortnight and then surprise their friends, but the "best laid plans" of even brides and grooms "aft gang aglie." However, congratulations will be as sincere and good wishes as many as though the wedding secret had been more successfully kept.

LAST REHEARSAL OF THE BIG JANE ADDAMS CHORUS

On Friday night, next, Sept. 13, the last rehearsal of the Jane Addams Chorus will take place, in the College of Music (Temple Theater) at 8 o'clock sharp, and it is desired that everyone who wishes to go with the chorus to Los Angeles will come out on Friday night. It should be remembered that the hour of Mr. Roosevelt's visit to Los Angeles has been changed from 7:45 p.m. to 2 o'clock Monday afternoon, Sept. 16, making it a day meeting. All chorus people will have seats reserved for them, in a splendid opportunity to hear the speaker, and Mrs. Roberts must know by Friday how many seats to have reserved for her chorus. So come and bring others with you. Last night a goodly number were present and great interest was taken in the chorus work.

"They Come From All Points of the Compass"

Said a customer as he was watching the salesman wrap the \$4.50 pants which he had just bought for \$3.15. "I see a man over there from El Toro, and that man over there with the two boys is from Capistrano." "Yes," said the salesman, "he's been coming to this store now for four years." "He must be satisfied," said the customer. "You'd think so, said the clerk, if you knew the number of people he has sent here to trade. He says this is the SQUAREST store he ever traded in, and he makes it a point of bringing the 'boys' every six months."

That's why this business is growing so fast. Everyone gets a square deal and isn't afraid to tell his neighbor of it.

FUNERAL OF OLD RESIDENT

At 2 o'clock yesterday afternoon the relatives and friends of Mrs. Mary Reeder gathered at Smith's chapel to honor her by their presence at the last services. Dr. J. H. Garnett, formerly of the First Baptist church of this city, and an old family friend, preached the funeral sermon, and by his kindly words and sympathy gave comfort to the bereaved son and daughter.

The flowers, which had been sent by friends and old neighbors, were beautiful. Mrs. Frank Harris and Miss Josephine Alexander sang and Miss Nellie Hill acted as organist. The songs rendered were "Asleep in Jesus," "Some Day, Some Time, We'll Understand," and "Nearer, My God, to Thee." The pallbearers were A. Franzen, Frank Adams, H. E. Smith, John Maier, W. H. Smith and A. R. Dresser.

Mrs. Reeder had been a semi-invalid for five or six years and was a great sufferer for four months before the end, although she was very patient and brave through it all. She had lived in California 43 years and in this city 26 years. She is survived by a daughter, Mrs. A. J. Lawton, and a son, Robert A. Harlow, both of Santa Ana.

Miss Amanda Remsburg has just returned from a pleasant week's visit with Mr. and Mrs. J. Morrow of San Diego.

MAY BE WANTED FOR GRAVE OFFENSE

Local officers received instructions from the authorities of San Diego County this morning to hold Patricio Samaniego, a Mexican arrested here on suspicion, as the man probably wanted for an assault and robbery committed on a woman at Encinitas, San Diego County. The man was arrested here on information furnished by the conductor of a Santa Fe train on which he traveled, who said the man answered the description of one they had been told to keep watch for by the San Diego officers.

Samaniego's description was telephoned to San Diego, and was said to tally exactly with that of the man wanted. It was stated that San Diego County officers would be here today to get him, but up to this afternoon they had not arrived.

MICHIGAN ENTHUSED BY GOV. JOHNSON FOR PROGRESSIVISM

Californian Speaks to Many Thousands In Two Days—Republicans Flocking To Progressive Standard

(By E. A. Dickson in Tribune.)

DETROIT, Mich., Sept. 10.—Governor Johnson violated one of his established rules last night by indulging in a bit of prophecy.

"After three days within the borders of your state," he told an audience that packed the big armory here to the last inch of breathing space, "I feel confident in carrying into your sister states the positive assurance that the electoral vote of Michigan will be cast for Theodore Roosevelt."

The response to this prediction was so spontaneous and so emphatic as to leave no doubt that his optimism was shared by his auditors.

Michigan has been a Republican stronghold since the formation of that party. Not even in the famous Harrison-Cleveland campaign of 1892, when such Republican states as Connecticut, Indiana and Illinois went into the Democratic column, did it vary from its normal majority for the Republican presidential candidate.

Voters Turn to Progressives

But there are brands of the Republicans just as there are brands of the Democrats, and in this state the mass of the Republican voters are Progressive.

During the three days that he has been in Michigan, Governor Johnson has had assurances of support from scores of men who voted for Fremont in 1896.

But it is not alone from the Republican party that ranks of the rapidly growing Progressive army are being recruited. Democrats as well as pledging their support to Roosevelt and Johnson and to the great cause that these leaders represent.

Democratic Presiding Officer

At last night's big meeting, for instance, the presiding officer was James Pound, a lifelong Democrat and one of Detroit's representative men. Hundreds of other Democrats in various parts of the state have personally greeted Governor Johnson and assured him of their active support of the Progressive movement.

In his two days of active campaigning he has met and spoken to probably 20,000 of Michigan's citizens.

His trip Saturday in the "Bull Moose special" took him straight through the state from Detroit to Grand Rapids. Nine stops were made at intervening towns, and crowds greeted him at each stop.

At the conclusion of last night's meeting, Governor Johnson left in his special car for Chicago. Today was spent in a whirlwind trip through Illinois.

CITY RECORDER HAS RUSHING BUSINESS

LOCAL ANGLERS MAKE SPLENDID CATCHES

City Recorder Willson had an unusually large grist before him this morning as the result of two holidays coming together and the too industrious efforts in certain quarters to celebrate them.

Automobile and motorcycle speeders composed the bulk of the grist and paid the best part of the fines imposed. F. Simons, R. J. Chandler, H. Schoonover and E. J. Lyons were each arrested on North Main street while exceeding the speed limit, and each paid a fine of \$10. G. E. Butler, caught speeding on Fifth street, paid the same fine. H. T. Johnson and D. O. Todd, charged with speeding their motorcycles, were assessed \$5 each.

George James and William Hunter were employed Saturday to paint the floor of the Rutherford millinery establishment on East Fourth street. They took too much alcohol to help along with the job, and began raising a disturbance which threatened to wreck the interior of the building. Officers were called and took them to jail, and this morning they paid fines of \$5 each. M. Cantana, arrested for having too much booze on board, paid the same amount.

Local anglers have been having exceptionally fine sport during the past few days, and some splendid catches have been reported. Sunday John Carlyle, Howard Turner and Bert Patton made a haul at Newport Beach, using light tackle. Carlyle hooked a big yellowtail, and after playing it for fifteen or twenty minutes was seized with an attack of "thumbitis," and handed the rod over to Patton, who landed the fish after fifteen minutes more. Turner landed a bass weighing between eight and nine pounds. The boys used nine-ounce rods and nine-strand lines.

T. M. Hill and W. V. Walker fished at San Dimas point yesterday, landing a fine string of bass, corbina and rock cod. Walker landed the record rock cod of the present season, it tipping the scales at 8 pounds.

What We Never Forget

According to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at all druggists.

Come Now, Bargains Everywhere

Since the Great Water Discovery in SAN JACINTO, the whole Valley is on the move. Had it been a Gold Strike, the excitement could not be greater. It certainly could not have done as much genuine good to as great a number of people. It is a case now of a cozy, thrifty home in one of the most fertile, as well as the most beautiful garden spots on earth, before they are all gone, or the price gets beyond the reach of the average pocketbook. They are bound to treble or more in price, and still be a bargain over anything else with similar advantages. We prophesy that it won't be four months before every foot in the Valley will be selling at a premium.

Remember, every acre is at present

RURAL DELIVERY MAIL CARRIERS ARE AIMING FOR AUTOS

Los Angeles Examiner: The "giddy" along rural delivery routes is to be succeeded by "honk, honk," if the members of the California Rural Letter Carriers' Association have their way. Right at the beginning of their ninth annual convention, which opened at the Baltimore Hotel, they declared themselves as favoring the motorcycle or automobile and the relegating of the horse.

To do all this costs money, they declared. Therefore, they want Uncle Sam to increase salaries. The present pay, it is said, hardly allows for the keeping of the horses used and would not maintain an automobile. It was pointed out that with gasoline vehicles the delivery service would be much improved.

The carriers also want better roads. It was pointed out that the routes could be lengthened and much improved made in the service with improved highways.

Over one hundred delegates have come to Los Angeles to discuss ways and means for the improvement of the service and to formulate a program to be presented to the national convention in Nashville, Tenn., September 17. Officers are to be elected as well as a delegate to the national convention.

BOWELS BAD, LIVER TORPID? CASCARETS

If Constipated, Bilious, Head- achy, Stomach Sour, Take a Cascaret

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

**NATIONAL AIR TO BE
SUNG AT CELEBRATION**

Boys and Girls Will Sing Anthem at Mexican Independence Fiesta, Sept. 15

LOS ANGELES, Sept. 10.—One of the features of the celebration of the independence of Mexico at a grand fiesta, September 15, will be the singing of the Mexican national anthem by a chorus of girls and boys. There is to be a program which will be opened by the singing of the chorus. A welcoming address will be given by Manuel Rangel, who will act in the capacity of president of the day. There will be no political demonstrations permitted at the gathering.

**"BEAVER" BREAKS THE CARGO
RECORD IN SAN PEDRO PORT**

SAN PEDRO, Sept. 10.—Breaking all port records and her own record made one month ago, for amount of cargo brought to this port, the "Steamer Beaver" of the San Francisco and Portland Steamship Company line arrived here yesterday morning fifteen minutes ahead of her schedule.

In addition to bringing the largest cargo ever entering the port the Beaver also brought in a capacity passenger list. Three hundred and ninety passengers arrived on the vessel.

The Beaver sailed from Portland September 4 with 1700 tons of her cargo, and stopped at San Francisco and took on 150 tons more for Los Angeles. The total tonnage for this port was 1850. The previous record here for tonnage was held by the Beaver when one month ago she brought in 1700 tons of miscellaneous cargo.

**"SCOTTY" SELLS HIS
BURRO TO WEALTHY
MINER FOR \$2500**

SAN BERNARDINO, Sept. 9.—"Barstow," a desert burro, is traveling to Philadelphia by express over the Santa Fe railroad, and in first class style. "Barstow" had fame thrust upon him for the first time when he fell into the possession of "Death Valley Scotty." Scott tried to interest William Drew, a wealthy mining man, in some desert claims. Drew failed to take the same view of the claims as "Scotty," but finally purchased his burro for \$2500 to present to his young son as a birthday gift.

CLEAN AND BEAUTIFY YOUR HAIR—25 CENT "DENDERINE"

In a Few Moments Your Hair Looks Soft, Fluffy, Lustrous and Abundant—No Falling Hair or Dandruff

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

LOS ANGELES PRODUCE MARKET

Business was livelier on the local market yesterday than it had been for several weeks, despite the holiday.
Two carloads of the season's first Salloway peaches arrived and are selling at 90 cents to \$1.25 a lug box. The greater part of the shipment came from Sebastopol, Sonoma county. Large consignments are also expected in a few days from Tulare county. Some very fine orange cling peaches—weighing from ten to twelve ounces each—were also received from the Van Nuys and Lancaster sections. They are selling at \$1.00 to \$1.25 a lug box. Two cars of freestones and lemon clings also came in from the Fresno district.

The potato market is growing somewhat stronger, the demand being heavy and the shipments from the North lighter than usual. Local potatoes are also pretty well cleaned up. It is expected that the shortage will, however, only be temporary.
Large quantities of pickles are being received, and are selling for \$1.25 to \$2.00 a box. Thirty to fifty boxes are coming in daily. Some Roselles are also in evidence and are selling at \$1.00 a box. Three cars of bananas were received, and Bellefour apples are appearing in larger quantities all the time. Some of the latter were ordered yesterday for 86½ cents a box. All kinds of vegetables, except tomatoes, are still very plentiful.

There were no changes in the staple market, and the arrivals were as follows: Eggs, 125 cases; butter, 21,356 pounds; cheese, 1390; potatoes, 322 sacks; beans, 16 sacks; sweet potatoes, 344 sacks; and apples, 139 boxes. Receipts of eggs are still light. Some of the eastern product was offered on the street at 27, and some Petaluma-Santa Rosa eggs at 28. Some Eastern creamery butter was also put up for sale at 29, and some Northern fresh and Imported Swiss cheese at 25 and 31 cents a pound, respectively.

Full term begins Sept. 2nd at Orange County Business College.

CALCULATES
BIG TAXES

Auditor Lester, With Force of Deputies, Begin Extending Assessments

County Auditor C. D. Lester, with a force of eight deputies, this morning began the big work of extending on the rolls the taxes for the fiscal year 1912-13. The deputies are H. W. Kraemer, M. C. Hopkins, N. E. Clingan, F. L. Tross, M. E. Lauterbach, M. Brightwell, N. V. Jordan and M. N. Hillyard. The total assessed valuation of Orange County for this year is \$41,525,668, but the non-operative property, upon which alone county taxes are collected, amounts to \$38,497,040. The Board of Supervisors has unofficially determined on the tax rate for the year at \$1.05 inside cities and \$1.45 outside cities, and although the rate will not be made official until next Monday, the auditor will in the mean-

time be busy on the big job of extending the rolls. The amount of taxes to be extended, and which have to be calculated for each individual assessment, total \$888,612.11. Of this amount \$380,574.96 will be school taxes, and \$100,115.04 for road taxes. The work of computing the taxes must be completed by October 14, when the rolls will be turned over to the tax collector, and the first installment will then be due.

Many Election Certificates
County Clerk Williams this morning began sending out certificates of election to the successful candidates in the recent primary. Ordinarily this is not much of a job, but this year the clerk has to send a certificate to each of about 500 delegates chosen to the county conventions of the various political parties.

Estate Appraised
Theo. Lacy, Sr., F. W. Mansur and John N. Anderson have filed their report as appraisers of the estate of George S. Wilson, deceased. They found real and personal property to the value of \$9845.43. The widow has petitioned that the personal property be set aside for her use and that she be allowed \$50 per month from the estate for the support of the family.

Marriage Licenses
Percy W. Hudson, aged 21, of Garden Grove, and Ruth M. Petty, aged 18, of Orange.

GIFFORD PINCHOT WILL STUMP STATE FOR WILLIAM KENT
AVALON, Sept. 10.—Much disappointment prevails here among the boatmen who had been engaged to handle Gifford Pinchot and his party of friends, on account of the trip to San Clemente Island being abandoned for this reason.

In a message to Secretary Thomas Manning of the Tuna Club, Pinchot states that politics compels him to forego his fishing excursion this year and that instead he will come West and stump the state for his friend Kent of California.

As Pinchot is not coming, it is not likely that any of the party will be here, among whom were ex-Governor Pardee, James G. Garfield, former Secretary of the Interior; Senator Borah, and Stewart Edward White, the writer.

Make One Heart Happy
If each one worked upon the maximum day by day, "strive to make one heart happy," jealousy, revenge, hate, with their kindred evil associates, would forever leave the earth. Our minds would be so occupied in the contemplation of adding to the pleasures of others that there would be no room for discord.—Richter.

BOARD OF SUPERVISORS

FALLS DOWN
ON CONTRACT

Hogue Unable to Build Fifth Street Bridge, Bondsmen Must Make Good

McDannald Ordered to Resume Orange County Lectures in Los Angeles

The Guarantee Casualty and Surety Company, which went on the bond of Contractor R. L. Hogue to the extent of about \$11,000 as assurance that he would carry out his contract to build a bridge across the Santa Ana river at Fifth street, will either have to build the bridge or make good the bond.

Hogue appeared before the board of supervisors this morning and announced that he would be unable to carry out the contract. He gave as his reason inability to raise the funds necessary to carry the work to completion. The contract was awarded to Hogue some weeks ago at \$18,350, and the guarantee company went on two bonds for him, aggregating more than \$11,000. Hogue thought he would be able to raise the money, but found later that he was unable to do so.

Representatives of the guarantee company were on hand at the meeting today, and wanted the board to rescind Hogue's contract and begin proceedings over again. This, however, the board declined to do. It was then announced that the company would build the bridge itself, and would probably let the contract to the Young Construction Co. The contract provides that the bridge shall be finished within 120 days from the time of signing, but the board indicated today that under the circumstances an extension of this time would be readily granted if asked for.

McDannald to Lecture
J. C. Metzger, secretary of the Santa Ana Chamber of Commerce, presented a request that D. W. McDannald, secretary of the Los Angeles Chamber of Commerce, be sent back at once to resume his lectures. It was the intention of the board to send McDannald later, but in view of the G. A. R. encampment and other gatherings it was deemed best to send him as soon as possible. On motion of Leek, McDannald was authorized to resume work at once, to continue indefinitely. It is the understanding that he will be kept in Los Angeles until after the spring rush of tourists ceases. His salary is to be \$125 per month.

Bridge at Capistrano
It was determined to build a bridge across Trabuco creek at River street, in San Juan Capistrano, and bids were ordered to be advertised for, to be opened Oct. 2. The bridge will cost between \$3000 and \$3500. It is not on the main road.

On motion of Leek the clerk was instructed to advertise for bids for a site for a county poor farm, sites to contain not less than twenty acres. Bids are to be opened Oct. 2. The board is not yet ready to proceed with the work of establishing a poor farm, but thought it best to see what sites are available and the probable cost.

The resignation of E. R. M. Pierce as constable at Stanton was accepted, and D. L. Newlin was appointed to succeed him.

The Yorba Linda school bonds were ordered advertised for sale October 2.

A. B. Tiffany, keeper of the county Park, was granted two weeks vacation.

REVOLT WANING
IN NICARAGUA

U. S. Naval Intervention Aids in Bringing About Quiet—Federals Win Battle

WASHINGTON, Sept. 10.—American naval intervention in Nicaragua has been effective, and the rebellion under the leadership of Gen. Mena is now on the wane, in the opinion of officials of the state and Navy departments.

The latest dispatches from American Minister Weitzel at Managua and Rear Admiral Southerland at Corinto indicate that order has been restored at both the capital and in the sea board city, and that there is now little danger from the revolutionists insofar as American interests are concerned.

Minister Weitzel expresses doubt in
